# K Series Classic

The Davies Pumps Classic M series pumps are the original design that has been proven in use for over 50 years. They are a close coupled motor pump engineered for years of efficient, reliable, low maintenance service. Cast Iron construction with Cast Iron or Gunmetal Bronze impeller for a wide range of applications including agricultural, commercial, industrial and marine.

## Pump Features

- Solid cast impeller, casing and housing.
- Gunmetal (corrosion resistant) or Cast Iron impeller.
- Compact back pull-out design.
- Sealed bearings for low maintenance and long wearing.
- Maximum liquid temp 110 degrees.
- Manufactured in New Zealand.
